

## **Collective Worship**

Collective Worship is an important time of our school day when we come together as a school, Key Stage or Class to worship, pray, reflect and celebrate. Collective Worship is held daily and focusses on our current value. We often have visitors who lead Collective Worship - often representatives from the Church or local charitable organisations.

At key times of the Christian calendar we hold our Collective Worship at St Bartholomew's Church led by Reverend Paul. These are very special times and our children love to visit the Church and reflect there.

Our children lead their class Collective Worship weekly and are given time to plan and prepare their ideas. Each term a class presents to the whole school and parents and these assemblies are followed by visits to the classroom to find out more about the learning.

Our Celebration Assemblies on Fridays at 2.30pm are always popular as children share their achievements from home, we celebrate events in school and come together with parents and the whole school community.
