

Anglo Saxons and Vikings Kingfishers Year 5

Autumn Term 2018

Key Areas of Learning

As **Historians** we will study where Vikings came from, when they first set foot on, as well as when they first raided Britain. We will then explore what caused them to battle with the Anglo-Saxons, what their diet was like, why their longships were so important to them, and how the arrival of Vikings in Britain led to the Danelaw.

As **Scientists** we will continue to develop our understanding on Earth and Space. We will learn about the scale of the solar system, the rotation of the planets, the ways that they orbit as well as different moon phases.

As **Writers** we will be developing our understanding of newspaper reports and our descriptive SPaG for characters and settings. We will then be exploring persuasive techniques within persuasive letters, and how to develop balanced and unbalanced arguments. This will all be closely linked to our class novell

ENGLISH

- Fronted Adverbials
- Relative and embedded relative clauses
- Expanded noun-phrases
- Colons to begin lists
- Semi-colons

MATHS

- Roman numerals to 1000
- Negative numbers
- Column addition and subtraction
- Rounding
- Multiplication and division

SCIENCE

- The Solar System to scale
- Rotation and orbits
- Moon phases

RE

- What's the best way for a Hindu to show their commitment to God
- Is the Christmas Story true?

MUSIC

- The Pentatonic Scale and beat compositions

ART & DT

- Designing using stimulus
- Use of tint and tone
- Colour for purpose

LANGUAGE

- Latin

PE

- Swimming
- Real PE Tennis

ENTERPRISE

- Look out for our cake sale and come see our class assembly.
- We will be wearing our most festive jumpers for Christmas Jumper Day.

ENVIRONMENT

- We will be discussing upcycling, its purpose and why it's a good idea.

SPIRITUAL, MORAL, SOCIAL & CULTURAL

Values:

Love and co-operation
